PROFILE

Passionate Full-Stack MERN Developer with expertise in building scalable, high-performance web applications using MongoDB, Express.js, React, and Node.js. Proven track record of delivering user-centric solutions with modern technologies including Next.js, TypeScript, and cloud deployment. Experienced in leading end-to-end development cycles from concept to production, implementing responsive designs, RESTful APIs, and real-time features. Committed to writing clean, maintainable code and staying current with emerging technologies while mentoring fellow developers and contributing to the tech community.

TECHNICAL SKILLS

Frontend Development:

HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Redux Toolkit, Context API, Tailwind CSS, Material-UI, Radix UI, Framer Motion, GSAP, SASS/SCSS

Backend Development:

Node.js, Express.js, NextAuth.js, Supabase SDK, Prisma ORM, RESTful APIs, GraphQL, Socket.IO, JWT Authentication, Middleware Development, Strapi CMS

Database & Cloud:

MongoDB, PostgreSQL, SQLite, Firebase, Supabase, AWS, Vercel, Netlify, Database Design & Optimization

Development Tools:

Git/GitHub, WebStorm, VS Code, Postman, TanStack React Query, Stripe Integration, Zustand

Core Competencies:

Responsive Web Design, Performance Optimization, SEO, Testing (Jest, Cypress), Agile/Scrum, Code Review, Technical Documentation

EDUCATION

Bachelor's Degree in Computer Science

Modern University for Technology and Information

2020 – 2024

Recognized for Excellence in Final Project

CERTIFICATIONS

- ITI Full Stack Developer (2023)
- Zewail City AI Training (2023)
- InnovEgypt Program (2024)
- Digital Egypt Pioneers Initiative (DEPI) — MERN Stack Diploma (2024)

PROFESSIONAL EXPERIENCE

Frontend Developer

Vconnct

07/2024 – Present | Cairo, Egypt

Designed and developed the Vconnct web platform and app interface, delivering a seamless user experience for AI-powered communication tools including video calls, scheduling, and team collaboration. Enhanced performance and responsiveness across devices, driving higher user adoption and engagement.

Frontend Developer

Crettiva

2025 – Present | Riyadh, Saudi Arabia

Led full-stack development projects for creative agency solutions, utilizing the MERN stack to build robust and scalable applications. Engineered sophisticated UI components with React and seamless animations, while integrating complex business logic with Node.js and Express.js. Enhanced user experiences and satisfaction through dynamic, responsive designs and efficient backend services, resulting in improved client satisfaction and streamlined project delivery.

Full Stack Developer Intern

Information Technology Institute (ITI)

June 2023 – August 2023

Engineered a comprehensive blog application featuring secure user authentication, advanced post management system, and interactive commenting functionality for educational content delivery.

Developed robust backend architecture using PHP and MySQL with pixel-perfect responsive frontend layouts optimized for cross-device compatibility in academic environments.

AI and Applications Intern

Impact (Zewail University)

August 2023 – October 2023

Mastered advanced machine learning fundamentals including supervised and unsupervised learning algorithms with hands-on implementation experience in research and development context.

Successfully applied cutting-edge ML algorithms to solve real-world scientific challenges while developing expertise in model evaluation, optimization, and performance metrics for academic research projects.

KEY PROJECTS

Portfolio Website

Interactive portfolio with modern animations and optimized performance.

3lagent Store (Multi-vendor Platform)

Full-stack e-commerce platform with seller dashboard, and admin management using MERN stack.

Cozy Loops Store

Modern e-commerce solution with Next.js, TypeScript, and Express.js integration for Stripe payments.
